RINGSQUARED

Business Phone Solutions

Phones Options for RingSquared Voice Solutions

VoIP Phone Options

RingSquared™ cloud-based voice solutions are compatible with a wide range of business phones. Choose from models for front desks, contact centers, conference rooms, and more with the key features and high-quality audio you need.

Yealink VoIP Business Phones

Yealink W76P

Yealink T31P

For the ultimate flexibility in office phone systems, the Yealink W76P pairs up to 10 wireless W56H handsets, supports up to 10 VoIP accounts, and 20 simultaneous calls.

For users who prefer a desktop phone, the Yealink T31P combines high-quality performance with a minimal format that fits into any office.

Flexible Yealink W56H Handset

Yealink W56H

The high-performance wireless Yealink W56H handset features up to 30 hours of talk time, up to 400 hours of standby time, and a quick charge feature to improve workplace efficiency.

Yealink's HD audio includes built-in noise reduction, giving your callers a better high-quality experience. Handsets feature large, user-friendly color screens.

Polycom VVX Phone Series

Polycom VVX 150

Polycom VVX 250

Polycom VVX 350

Polycom VVX 450

Polycom VoIP desk phones provide high-quality, reliable phone calls with options up to 12 phone lines for high-volume callers. Choose from multiple space-saving desktop phone designs.

With Poly HD Voice and Acoustic Fence technology, your Polycom phones minimize background noise for clearer calls and better customer experiences.

Polycom Trio Phone Series

Polycom Trio 8500

Polycom Trio 8800

Designed for clear conference room calling, the Polycom Trio series features Poly Acoustic Clarity technology so every caller is easy to understand.

For small and mid-sized rooms, the Trio 8500's HD voice quality for high-quality audio. In larger conference rooms, the Trio 8800's built-in mics pick up audio within a 20-foot range.

Mitel SIP Phone Series

| Mitel 6863 | Mitel 6867 | Mitel 6869 | Mitel 6873 |

Ranging from light entry-level phones to power users, the Mitel SIP phone series features compact footprints, enhanced call management features, and up to 24 phone lines.

Mitel's advanced auto processing technology delivers high-quality calls that your users can hear clearly, even in loud offices and busy contact centers.

Phone Accessories & Options

Connect wireless, USB, or Bluetooth headsets directly to select phones with USB and Bluetooth support, giving users more flexibility and comfort during calls.

Expansion modules and LCD displays add additional programmable buttons and keys for frequently used lines and navigation.
